## BRYNCIR AUCTION FATSTOCK REPORT 7/5/25

This week at Bryncir saw a marked uplift in entries across every section, accompanied by a brisk and energetic trade throughout. Prime lambs set the tone early, with standard weight sorts still securing the best returns, peaking at 421 ppk. Heavier lambs remained around the 380 ppk level, with ample numbers forward. A larger entry of hoggs sold to a solid trade, slightly easier than last week but still rewarding those in top meat condition. Cull ewes and rams attracted keen demand especially the heavier types, while shorn ewes commanded premium prices. A great sale once again with an excellent trade to coincide with the quality of the cattle forward. Strong demand for all types which reflected in the overall average just short of £1,910.
