The sun was shining nicely over Bryncir Mart today, and the vendors were leaving with smiles on their faces as well. Fewer lambs were forward, but they continued to sell very well. Strong prices were seen throughout especially for well-finished lambs, with the top price awarded to Euros Jones, Argoed, at 434ppk.

Cull ewes and rams followed the same pattern, with prices continuing to strengthen from week to week and a quarter of the entry selling in excess of £200. The top price of the day in this section was £280, achieved by W and H Morris, Erw Fawr.

A smaller entry of cattle was forward, but they were rewarded with very encouraging prices as demand remains strong. More cattle are needed over the coming weeks.
