Strong prices for the cattle at Bryncir this week, with a good mix of strong continental cattle and younger stock forward. Calves got the day's trading off to a pleasing start, with strong demand continuing and clearly reflected in the prices, as half the entry went on to break the £400 mark. The top price in this section went to Messrs Williams, Cefn Gwyn, with a British Blue bull calf selling for £470. In the store cattle section, much the same pattern followed, with plenty of demand for cattle at the start of spring and many going on to sell well beyond the £2,000 mark. The top price on this occasion was achieved by D H, M I & D H Jones, Maes Mawr, with a 22-month-old Charolais steer reaching £2,350. Slightly less numbers in the sheep section, but there were still plenty of buyers present keen to secure breeding stock. Couples and in-lamb ewes sold to competitive prices, with more expected over the coming weeks. Overall, another very positive day's trading at Bryncir, with strong demand across the sale and a lively trade throughout.
