A good day's trading here at Bryncir yesterday – strong prices were seen in all sections of the cattle. The cow and calf entries that started the day met with keen demand, with several buyers gathered around the sale ring. Store cattle and suckler calves also sold to very respectable levels, with the continental store cattle and younger types all showing an increase on previous weeks. Store lambs also sold to stronger prices than in recent weeks, with more lambs needed over the coming weeks as demand for them remains firm.
